Overview of my data science profile

I'm an aspiring data scientist, with a strong affinity for learning. I'm most intrigued by the data science profession and would like to get on any interesting project. Please find below a bar chart of my profile. “{r
echo=FALSE} Profile <- c('Reading','Critic_T','Time_Mngt','Maths','Compt_Prog','Syst_Des','Report_Wrtn','Listening','T
Grade <- c(7, 8, 8, 7, 4, 5, 7, 8, 8, 10)

```
data_science_profile <- data.frame(Profile, Grade)
```

```
library(ggplot2)
```

```
ggplot(data= data_science_profile, aes(x=Profile, y=Grade)) + geom_bar(stat =“identity”) ““
```
